Guaranteed quality

High quality ingredients together with many years of experience and modern manufacturing processes provide the basis for all AUTOSOL® brand products. Strict quality controls guarantee consistent quality at the highest possible level. The independent test organisation "Monde Selection" in Brussels, has assessed many of our products as "Out-standing" and awarded us several gold medals.

NSF registered – the symbol for your safety.

NSF is a not-for-profit, non-governmental organisation which is well known around the world for registration in the area of health and safety. Many of our products comply with the NSF criteria and may thus bear the NSF mark. This is unique in our sector. AUTOSOL® products are thus especially well suited for use domestically, in hotels, restaurants, food processing companies, large-scale catering establishments and in mechanical engineering.

Natural ingredients / Ecolabel

Apart from top notch quality, we place great importance on environmental compatibility. All of our products are "of course" biologically degradable, meet and exceed the strict German legal requirements.
